

Nancy Rutherford

Described Hawthorne and advocated for rural communities but needs one practicum class to obtain licensure. Advocates different path to licensure because to obtain that one practicum class would require - from any institution - all prerequisites, which is cost- and time-prohibitive. Proposes that the Board approve additional practicum classes onsite if vetted properly. Extend state intern hours to account for lacking practicum hours.

Lynne Smith offered that UOP could possibly make things happen for Nancy to obtain her practicum class.

Lynne Smith

Supports the 641A.182 (3) a change (three-year requirement for sups)

Also supports 641A.084 (4)

Steve Nicholas

Stated that the language of "The Board proposes" is confusing and suggests that the Board is unified in its presentation of the proposed changes.

Supports the idea of a Comprehensive Mental Health Professional and not necessarily two separate licenses.

Endorses the increased coursework requirements but notices that the licenses seem to be merging.

CACREP accrediting recognizes that all graduates are competent, as does COAMFTE, only with a different lens.

CEUs for Board members should not include the mandated ethics and suicide requirements.

Nancy Acquaviva

641A.085 (4) - supports changes because she lacks one class in spite of her 1000 hours of collective two-semester experience

(1,2) - does not like adding classes because people who already graduated might have to

Adrienne Sutherland

.085 (1,2) Endorses changes and suggests eliminating the "or" from the and/or. Also suggests separate required classes for couples *and* families, not "or"

.131 Suggests capping the CEU suggestion for (c, 1) (CEUs earned for community meeting/coalition participation)

Hal suggested not doing pre-approval for CEUs and John suggested cleaning up the process and streamlining it. Hal and Marta then suggested a volunteer committee to evaluate CEUs.

R091-14 Supports

Joseph Blackwell

Inquired as to why a difference exists between MFT and CPC, John explained history of MFT advancement east and the CPC advancement west

Amy Reha

Asked about the tension between MFTs and CPCs

Dawn Hill

Supports acceptance of 131 (1)

Grace Ravenelle

Appreciated Steve Nicholas' comments on accrediting bodies that they demonstrate competence. Observed that no evidence exists that individual-oriented practitioners harming the public. Urges Board to consider quickly implementing an online system.

641A.070 - Supports temporary license

Andrea Johnson

Wanted to know if a CPC could treat couples and families under current law. The answer was no, unless they meet the R-091-14 criteria.

Brittany Farrow

Emphasized demonstration of competence
