Legislative Counsel's Digest:

Existing law requires the Board of Examiners for Marriage and Family Therapists and Clinical Professional Counselors to regulate the practice of marriage and family therapy and the practice of clinical professional counseling in this State. (NRS 641A.160) Existing regulations establish various qualifications that an applicant must meet to obtain a license from the Board and provide instructions for filing such an application. (NAC 641A.065-641A.116, 641A.156) **Section 9** of this regulation deletes the requirement that a person desiring licensure by the Board: (1) include three letters of personal or professional reference with his or her application; and (2) have his or her transcripts sent directly to the Board by an educational institution. **Section 9** also exempts a person applying for a license by endorsement from the requirements for an application for a standard license.

Existing law requires the Board to adopt regulations establishing educational requirements that an applicant must meet to qualify for licensure. (NRS 641A.180) Existing regulation sets forth the areas of study, minimum number of courses and minimum hours of credit that an applicant's graduate education must include to qualify for licensure. (NAC 641A.085) **Section 10** of this regulation: (1) eliminates the minimum hours of credit required; and (2) adds courses of study to the list of required courses. **Section 10** also exempts an applicant for licensure as an intern from providing proof of completion of the educational requirements if he or she holds a graduate degree from a program accredited by the Council for Accreditation of Counseling and Related Educational Programs or the Commission on Accreditation for Marriage and Family Therapy Education. **Section 10** also provides the Board discretion to grant a license to an applicant whose graduate education substantially meets the educational requirements for licensure. **Section 11** of this regulation revises the frequency by which an applicant for a license to practice as a marriage and family therapist may take the examination for licensure.

To renew a license issued by the Board, existing law requires a licensee to submit evidence to the Board that he or she completed the continuing education requirements established by the Board through regulation. (NRS 641A.260) Existing regulations set forth certain continuing education requirements that a licensee must complete to maintain licensure. (NAC 641A.131, 641A.133) **Section 2** of this regulation establishes the standards for a course or program of continuing education. **Section 3** of this regulation sets forth the process for approval of individual courses or programs of continuing education. **Section 4** of this regulation sets forth the process by which the Board can approve a person or entity as an approved provider of continuing education which, as defined in **section 6** of this regulation, means the person or entity is not required to obtain approval for each course or program of continuing education presented by the person or entity. **Section 5** of this regulation sets forth certain requirements for a provider and an approved provider of continuing education relating to record retention and the provision of certificates of completion to attendees of a course or program of continuing education.

Existing law requires a licensee seeking to renew his or her license to receive at least 2 hours of instruction on evidence-based suicide prevention and awareness as part of the requirement for continuing education. (NRS 641A.260) **Section 14** of this regulation includes these 2 hours of instruction in the existing minimum number of 20 hours of required continuing education adopted by the Board. **Section 14** also authorizes a licensee to meet a certain number of his or her continuing education hours by completing certain graduate coursework and attending Board meetings and meetings and events of community health care coalitions, committees or other boards. **Section 14** also clarifies the type of distance education that is authorized for continuing education.

Existing regulations require: (1) the Board to meet at least twice a year; and (2) every written communication to the Board to include the address of the sender. (NAC 641A.045, 641A.055) **Section 7** of this regulation increases the frequency of Board meetings to at least quarterly. **Section 8** of this regulation clarifies that a written communication to the Board must contain either the mailing address or electronic mail address of the sender.

Existing regulations set forth: (1) requirements for licensure as a marriage and family therapy intern or clinical professional counselor intern; and (2) conditions and limitations on the practice of interns. (NAC 641A.146-641A.196) **Section 16** of this regulation clarifies that an

intern must complete his or her internship within 3 years, unless the Board grants a renewal of his or her license. **Section 16** provides for one 3-year renewal of an intern's license by the Board as authorized under existing law. **Section 17** of this regulation removes the requirement that an applicant for licensure as an intern complete an oral examination conducted by the Board and only requires a personal interview of the applicant at the request of the Board. **Section 17** also deletes the requirement that an applicant for licensure as a marriage and family therapy intern practice at least 1 year before taking his or her written examination for licensure. **Section 18** of this regulation requires the Board to document, both in the minutes of a meeting of the Board and in the licensee's file, the reasons for which the Board suspended or revoked the license of an intern. **Section 19** of this regulation increases the number of interns that a primary approved supervisor may supervise from six to ten. **Section 19** also: (1) requires a primary supervisor to meet with his or her intern at least 1 hour a week during the course of the internship and document any variations in the weekly schedule; and (2) removes the requirement of approval by the Board of the use of conference calls in the supervision of interns. **Section 20** of this regulation provides that the Board will approve, upon the recommendation of the primary supervisor, certain licensed professionals as secondary supervisors. The provision in existing regulation regarding revocation of the approval of an intern's approved supervisor is moved from **section 18** to **section 20**.

Existing regulation authorizes an intern to engage in private practice at a facility where he or she has access to a licensed professional in certain counseling fields. (NAC 641A.196) **Section 22** of this regulation allows such access to a licensed professional to be either in person or by telephone. **Section 6** of this regulation defines "private practice" to mean an intern engaging in work at a facility at which the intern's compensation is not reported on Form W-2 by the facility.

Existing regulation requires a marriage and family therapist, clinical professional counselor or intern to abide by various tenets of professional responsibility. (NAC 641A.243) In addition to the existing professional responsibility requirements, **section 23** of this regulation requires a licensee to: (1) be knowledgeable in telehealth as it relates to the practice of marriage and family therapy or clinical professional counseling, as applicable; and (2) abide by various requirements relating to client confidentiality.

Existing regulations list the course work, examination and supervised experience a clinical professional counselor or clinical professional counselor intern must successfully complete to obtain an endorsement from the Board that authorizes the clinical professional counselor or clinical professional counselor intern to assess or treat couples or families. (Sections 3 and 4 of LCB File No. R091-14) Existing regulations also provide that the Board will issue such an endorsement to a clinical professional counselor or clinical professional counselor intern who completes the required course work, examination and supervised experience. (Section 2 of LCB File No. R091-14) **Section 31** of this regulation eliminates the issuance of an endorsement of a license to a clinical professional counselor or clinical professional counselor intern. **Sections 6, 11, 13-15, 18 and 23-25, 27, 28 and 30** of this regulation make conforming changes relating to the elimination of such an endorsement.
