**Legislative Counsel’s Digest:**

Existing law provides the Board of Examiners for Marriage and Family Therapists and Clinical Professional Counselors the authority to adopt regulations regarding the licensing of marriage and family therapists, marriage and family therapist interns, clinical and professional counselors and clinical and professional counseling interns, and the practice of marriage and family therapists and clinical professional counselors. (NRS 641A.160) **Section 2** of this regulation removes the requirement that an applicant for licensure submit a written summary of his or her experiences and qualifications for licensure. (NAC 641A.065)

Existing law requires applicants to possess a certain level of graduate education in order to qualify for licensure. (NRS 641A.180) Section 10 of LCB File No. R094-18 revised these educational requirements for licensure. **Section 3** of this regulation authorizes the Board to consider graduate degrees conferred on or before August 30, 2023, which met the educational

requirements in effect before LCB File No. R094-18 became effective, as satisfying the educational requirements for licensure.

Existing law establishes the maximum fees the Board is authorized to charge for certain items. (NRS 641A.290) Section 14 of Senate Bill No. 37 of the 2019 Legislative Session revised the maximum amount of these fees and authorized the Board to charge certain additional fees. (Chapter 431, Statutes of Nevada 2019, at page 2671) **Section 4** of this regulation increases the fees charged by the Board to the amounts authorized by Senate Bill No. 37 and establishes the new fees which Senate Bill No. 37 authorizes the Board to charge.

Existing law requires licensed marriage and family therapists and clinical professional counselors to meet certain continuing education hours each licensing period. (NRS 641A.260) **Section 5** of this regulation revises the number of hours of continuing education a marriage and family therapist or clinical professional counselor is required to complete in order to maintain licensure during the biennial licensing period. **Section 6** of this regulation further revises the documentation submitted to the Board to prove the completion of continuing education hours by eliminating the requirement to submit certain forms with the affidavit attesting to completion of the continuing education requirements.

Existing law imposes certain requirements on internships relating to marriage and family therapists and clinical professional counseling, including that a person who wishes to license to practice as a marriage and family therapist or clinical professional counselor must first license as a marriage and family therapist intern or clinical professional counseling intern and obtain certain supervised experience as a licensed intern. (NRS 641A.287, 641A.288) Existing regulations require these internships be approved by the Board. (NAC 641A.146) **Section 7** of this regulation requires an internship to be outlined in a supervision agreement with a primary supervisor approved by the Board. **Sections 8 and 10** of this regulation make conforming changes by referring to a supervision agreement rather than an internship plan. Existing law and regulations require interns to work under the supervision of an approved supervisor. (NRS 641A.287, 641A.288; NAC 641A.146) **Section 9** of this regulation requires approved supervisors to submit a report evaluating each intern under their supervision to the Board on or before September 15 and March 15 of each year.

Existing law and regulations impose certain professional conduct and ethical requirements on marriage and family therapists, clinical professional counselors and interns. (NRS 641A.310; NAC 641A.247) **Section 11** of this regulation expands the prohibition on engaging in sexual or romantic relationships with clients, current and former, and their romantic partners to also prohibit sexual or romantic relationships with persons included in a client's family system. **Section 12** of this regulation updates the code of ethics adopted by reference by the Board by adopting the most recent edition of these codes and requiring the Board to examine changes in these codes to determine their suitability for use in this State.
